I am purchasing a university license to an Adobe product. I understand that I must have one license for each computer on which this is installed and I may purchase additional licenses as needed.

I hereby state that the copy I am purchasing is for University use and will not be lent, sold, or otherwise transferred to anyone else.

I understand that all sales of this product are final and returns will not be allowed for any reason. I have been informed of the system requirements and understand that it is my responsibility to make certain that my computer meets these minimum requirements.

This license is subject to the Adobe Educational License Agreement (EULA), which you will be asked to agree to during installation. Departmental Adobe products are intended for educational use only on University Computers.
